

PATIENT SAFETY CHECKLIST

- Am I prepared for each doctor with copies of pertinent medical records, health summary, list of medications, list of symptoms, etc.?
- Do I have a list of questions?
- Did I research my diagnosis?
- Did I ask my doctor if there could be other possible diagnoses?
- Do I know my family history?
- Do I need to get a second opinion?
- Did I follow up on my test results?
- Did I ask what my test results mean?
- Did I ask for my tests to be repeated?
- Do I need to find a doctor affiliated with a highly respected medical school?
- Have I enlisted support from loved ones?
- Do I need an advocate?
